ENOTA GLACE, LLC presents

a SLICES OF LIGHT Event

“Germinating the Seed”

Swami Shankarananda

“Seed to Harvest: Law of Fulfillment”

Swami is founder and minister of the Divine Life Church of Absolute Oneness, located in Baltimore, MD and founder of the Universal Swami Order. The church is nonsectarian, meaning it does not teach a religion but the love of God and living the truths from the inner level. The title “Swami” comes from two Sanskrit words which translate as “I am That,” or “One who has realized his or her oneness with the Source”. Whatever Swami teaches comes from his own realization – he “walks his walk” and “talks his talk”. He is a dynamic speaker and radiates the joy and love of the indwelling presence.

Swami Shankarananda is of the Guru line of Swami Yogananda, author of “Autobiography of a Yogi”.

Andy West

“Let the Sound Wash Over You”

Sound from crystal and Himalayan bowls gently nudges us back to our natural state of blissful tranquility and balance.

All matter has its own particular energy, frequency, or vibration. When we experience the correct harmonic overtones and undertones from the bowls, our bodies begin to vibrate in resonance with the bowls.

When our bodies feel the vibrations from the bowls, we recognize them as the proper “vibes” and reorganize to match them promoting healing.

Andy West has been practicing bodywork since 1995 and has traveled as far afield as China, where he studied Tui-Na (an ancient form of bodywork). Since renewing his interest in sound healing he has acquired a chorus of 7 Himalayan metal and crystal bowls. He is now combining Vibrational Healing with Bodywork.
